HERE IS THE LIST YOU HAVE BEEN WAITING FOR

We proudly present a list of orchid plants, consisting of a wide range of varieties and prices, to meet the demands of all customers interested in the culture of orchids.

We have built our reputation as producers of quality orchids, and some of our stock is still not available for listing, due to the constant demands for many of our fine varieties. However, our stock is extensive and should you not find listed what you desire, we invite your inquiries. Stock of some varieties is limited, and in a few cases, we can supply only one plant of the variety.

Browse over our list of orchids and compare - - - - we offer only the best types for your consideration. Our reputation has been built on quality orchids. We cherish our position.

Should you desire to add some good orchids to your collection, please reply early.

All orders received will receive our immediate and careful attention, and all plants will be shipped via Railway Express Collect, out of pots, unless otherwise requested.

Should you desire further information concerning any item listed, or have any problems concerning the culture of orchids, please write us. We may be able to help you, without cost. Ours is an organization of willing service.
